Preface

With the present Supplementary issue of the International Journal *Notes on Intuitionistic Fuzzy Sets*, Vol. 20, No. 5, we are happy to commemorate the Journal's 20th anniversary.

During these years we faced a series of organizational and financial difficulties, and we are constantly learning from our mistakes. However, with the increasing visibility and popularity of the Journal, we already look in the future with optimism.

To all members of the Editorial Board, all reviewers, all NNTDM authors and the whole intuitionistic fuzzy sets research community, we wish

Happy New
